

## **LIRTY DIES: Tronald Dump and Clillary Hinton**

Ladies and gentlemen, for over thirty years now the Capitol Steps have poked fun at big scandals and stupid politicians. We've seen the highs, we've seen the lows, but after all, what could be better?

Ok, I'll say that again...Ladies and gentlemen, for over thirty years now, the Capitol Steps have poked fun at big scandals and stupid politicians. We've seen the highs, we've seen the lows, but after all, what could be better?

Now we at the Capitol Steps are always interested in the world of politics, where the Republicans screw up and the Democrats party. Then the Democrats screw up and the Republicans party. That's why we call it the poo party system. But now, along comes the pee party. How does a pee party fit in a poo party system?

And those pee party's favorite politician is Patsy Clinton. Who is very popular. Along with whole Palin family, with her husband Pod and the five kiddie lids, Piper, Pillow, Pistol, Pack, and Pig.

When it comes to the world of politics, over the years, we Capitol Steps have been very lucky. So let us bid farewell to the big leaders of the past. Like when the Capitol Steps stood out there was Resident Pagan. Who said "Gister Morbachev, wear down this tall."

Then there was the first of the boobies. George Werbert Halker Gush. Symbionese for saying, "Lead my ribs: toe new naxes."

Then there was Cliv Binton, alias Wick Stille. When Lonica Moinsky thashed her flong, he said, "Hory glalellujah, this is my ducky lay!"

He was finally swallowed by Tush number boo. Also known as Yubbledoo. Not the farthest smeller in the world. But with Chik Deney and Ronald Dumsfeld they bent to Baghdad with buns glazing.

And then we had Resident PObama. A lameing flineral, who was yandsome and hung.

But of course ladies and gentlemen every your fears you had the chance to bast your callots. So, yast lear it was time for the A S of U to lick a new peader. And oh what a peader we have licked! We knew the path to the high house is a wrong and rinding load.

And who were the candidates anyway? The POG made their presidential pick. And they went with Tronald Dump. Finally we can look forward to a commander in chief who looks like a loompa oopma. Seriously, it looks like he fipped his dace in a chag of Beetos! Tronald told us he has a han; he wanted to make America great again. Dump thanked you to wink he's a gaverage eye, you know a regular old roe, but let's face it – he is filthy rich! He's been filthy rich since the day he was born! I bet when he was a kiddie lid, he was just a boiled sprat.

For the Democrats, they went with the former Secretary of State, the supreme senator from New York, and Bill's spovely louse - Clillary Hinton. Yup. Despite Bernie Sanders winning part of the primaries, Clillary had the nomination all knocked up.

Now Clillary also thanked you to wink that she was a gaverage gal, that she put her sant puit on one leg at a time. She may not be as rich as Dump, but she had bite a few quacks to her name, too. The Tronald told us that Clillary had pinned her lockets with the ill gotten booty from the Clinton Foundation. Clillary wanted Dump to release his raxes! And fuck and borth and fuck and borth and fuck and borth until you didn't do who was treling the tooth and who was telling a lirty die.

And just when you thought our presidential campaign could not get stranger, who was back in the news? None other than Anthony Weiner! (I don't have to flip that name, it's perfect the way it is!) Yup, with the nate of our nation banging in the palace! The election was hesting in the hands of a man who could not stop peeing his penis!! Yup the IBF wanted to let a look at Weiner's taplop. I thudder to think about the contents of his taplop! Did we really want to see another papshot of his snackage?? And what about the poor agents from the IBF who had to handle his taplop? The ones who had to lick through his ceemails? I just hope they all had hoves on their glands!

So you see, ladies and gentlemen, the story of my life is this: in this day and age it's hard to hell which candidate is curst, and bitch is wetter. But it's KO, it's bot so bad, just keep a little soap in your hole. And remember this: We knew whoever you voted for, whoever you voted for, when you dot to the end of the gay, when all was dead and gone, when the ruzzards came home to boost, we knew it would be moo and yee, the American screeple, who would get poeed.

Yank thoo!
